10th ANNIVERSARY CONCERT EXHIBITION

1ST August – 10th September, 2007

The 'Natural Imaginings'/10th Anniversary Celebration Exhibition presents the work of young emerging artists from the Tutti Ensemble's Visual Arts and Design Program. At Tutti we emphasize strength rather than disability. Our arts programs include a broad range of practicing professional artists who work with the young Tutti artists, along with members from the wider community who contribute in a variety of ways and help create the unique and vibrant organization of Tutti.

The works on display have been produced over the last 12 months by Tutti's visual artists and associated professionals, helpers and Tertiary students. The tree paintings were inspired by the unique and beautiful natural environment of the Minda campus. The other works reflect each artist's more personal interpretations of Nature, some quite fanciful where the environment becomes the site of imagined forms and creatures.

The Tutti Visual Artists are thrilled to be exhibiting in this year's SALA event and also in Tutti's 10th Anniversary Celebration
