Princess St, St Albans (facing Errington Reserve)

Fortune is an interactive performance installation by Arts Access Victoria's Way Out West artists set in a giant maze. Enter the world of *Fortune* and embark on a journey of unique creative encounters to receive the ultimate gift: the artist's reflection of you. By the end of your exploration, you will have a collection of truly personal artworks and experiences. *Fortune* places artists with disability in the lead role of holding space and gifting audiences with their insightful interpretations.

Fortune is an Arts Access Victoria – Way Out West production presented as part of the St Albans Community Centre opening celebrations.
