# Tutti Inc

For sixteen years the Tutti Choir has been a passionate force for change through the creation of music and theatre which surprises, entertains and reveals a different world view. Since 2001, the collaborative relationship between singers with a disability, community singers and professional musicians and composers has supported the development of several award winning music theatre works, exhilarating performances here and overseas, and to the formation of three choirs who are all performing this afternoon; the original Tutti Choir, Poco Tutti, a small choir for advanced singers, and Club Tutti, for those who enjoy social singing. This afternoon we also introduce the Tutti Kids and Youth Ensemble who are opening the concert with an original song. Our organisation also supports choirs based on the Tutti model and this afternoon the Gathering Wave Choir from Inkpot Arts, Mount Barker is delighted to be sharing their theme song with us. Since 2004 Tutti has offered professionally led programs in the visual, performing and digital arts to disabled artists. Artists in these programs have won significant awards and grants, and increasingly are being recognised by the professional arts world here and overseas.

We thank Richard and Laura and all in Tutti who have worked so hard to prepare this afternoon's End of Year Concert which both celebrates Tutti as a growing and vibrant arts community and delights in the richness and beauty of human voice. In particular, on behalf of everyone, I thank Rachel Fisher, our Choir Coordinator, for all her work throughout the year.
