SONG FOR A WEARY THROAT

Fifteen bodies surface in the wake of a disaster.
When all is lost, what keeps them afloat?

Set in an abandoned dance hall that echoes with haunting airs, this is a breathtaking work of physical and vocal wonder created by the Rawcus ensemble of performers with and without disability.

Song for a Weary Throat returns to Melbourne after winning four 2018 Green Room Awards, including honours for independent ensemble and production.

Don't miss it this time.
