A provocative production from Back to Back Theatre, one of Australia's most inventive and courageous theatre companies.

Taking cues from comic books and action movies, *Super Discount* puts a room of actors to the test. Together can they – and we – take responsibility for our world?

The world premiere of *Super Discount* marks the much anticipated return of Back to Back Theatre to Sydney after highly successful international tours. Creating theatre with actors with disabilities for over 25 years, this is an ensemble that is not afraid to tackle big and controversial issues head on.

Journey to the realm of heroism, via the imaginative and complex genius of this groundbreaking ensemble.
