

About Tutti Arts

Taking its name from the musical term 'tutti', meaning everyone, Tutti is South Australia's only multi arts organisation where artists with a learning disability create visual art, theatre, music, film, new media and installations for a growing local and international audience. To further the organisation's vision of taking the work of disabled artists to the world, Tutti offers disability-led collectives like Company AT, The Sisters of Invention and Sit Down Shutup and Watch Film & New Media Festival a rare opportunity to work in an artistic and administrative environment. This supports artistic growth, audience reach, and industry recognition.

Tutti's mission is to make great art and influence social change and our strength comes from a love of diversity and adventure, and from a deep acceptance of difference. From small beginnings, Tutti has evolved into a socially and spiritually enriching arts community where people with disability are recognised as individuals capable of great achievements in our community and beyond.

Upcoming Events
