

INFORMATION COLLECTION AND DISSEMINATION

All the information gleaned during '86 and '87 will be compiled as an **important resource** at Community Activity Centres Network.

We welcome **input** informing us of any arts based projects to add to this resource and enable us to report it in Network News. Photographs and graphics would be an important ingredient.

We issue an invitation to all interested people in the community to use this resource and tap into the wealth of Artists, Projects and Creative Activities which are available in this State.

In addition, projects on arts based activities held throughout the year will be disseminated through regular news bulletins.

IT IS NETWORK'S INTENTION THAT
ACCESSIBLE ARTS NETWORK WILL ACT
AS A "SPRINGBOARD" FROM WHICH
PEOPLE CAN DEVELOP IDEAS AND
PROJECTS AND THE CONFIDENCE TO
PURSUE CREATIVE ACTIVITIES
THEMSELVES.

COMMUNITY ARTISTS:

A COMMUNITY ARTS PROJECT
INVOLVING
PEOPLE WITH DISABILITIES,
ARTISTS AND THE COMMUNITY

ACCESSIBLE ARTS' NETWORK PROJECT

Accessible Arts Network is continuing its program which started in 1986. This year, 1987, we will be building on existing resources at Network in continuing to develop **ongoing arts based creative activities for people with disabilities.**

The project this year will focus on **young adults** with intellectual and physical disabilities.

In the metropolitan area we will be targeting the northern and eastern suburbs and further afield in regional areas of the Hunter, Riverina, South Coast and Southern Tablelands.

We welcome contact from individuals and organisations in these and other regions in NSW to assist in disseminating information on the resources and services which Network offers.

SKILLS AND INFORMATION EXCHANGE WORKSHOPS

Our resources include offering skills and information exchange workshops for:

- ▲ **artists** interested in working with people who have disabilities.
- ▲ **organisations, staff and carers** working with people with disabilities.
- ▲ **young adults** with intellectual and physical disabilities focusing on direct creativity workshops.

The workshops planned will include:

Drama, dance, music, mime, puppetry, computer graphics, computer music, screen printing, visual arts, craft, sculptural landscaping and ceramics.

We will offer skills and the latest technological information that is available.

SPECIFIC INTEREST GROUPS

We will be workshopping with Group Homes, Community Centres, Hospitals, Nursing Homes, Social Clubs, interested individuals, etc.

Owing to funding restrictions we may be unable to reach all interested people ... but we hope through the Network resources and our quarterly publication, Network News, information can be exchanged.
