# ART DAY SOUTH

A STUDIO FOR ARTISTS WITH  
INTELLECTUAL DISABILITY

Art Day South is a studio where artists with intellectual disability meet weekly to work on projects spanning the visual and performing arts.

Sculpture, drawing, painting, animation, filmmaking, performance, dance and more is offered throughout the program.

Art Day South accommodates a wide range of skill levels to support those who are beginning their artistic journey and those who are well on the way.

Led by two professional, experienced artists, and supported by qualified support workers, Art Day South provides participating artists with an inclusive and engaging space in which they can achieve their artistic potential.

## ARTS ACCESS VICTORIA

Arts Access Victoria runs dynamic and diverse arts projects providing people with disability with the opportunity to create, celebrate and experience the arts.

Participating artists have the opportunity to take part in public exhibitions and performances; undertake excursions to major arts events; and socialise with their peers who share their passion for the arts.

Arts Access Victoria is a not for profit organisation that works in partnership with community organisations to establish independent locally managed arts projects and ongoing links in communities.
