

RIVER STORIES

River Stories is an inclusive and accessible workshop bringing First Nations contemporary culture and disability culture together, drawing on the yarns of Bundjalung Elder Julia Paden and led by local First Nations artists Mitch King (Yaegl/Bundjalung) and Jade Dewi Tyas Tunggal (Aust/Java).

This four day workshop includes sound and movement making, to explore story, memory and joy connected to water, summer and time. Expect to feel into and move your body, listen to Country, and explore sensations of sand and water.
